I D.D. I LINE.									
	<u>CNE:</u>								
<ul> <li>Interim CNE expressed appreciation for the warm welcome and support she has received from the SHH</li> </ul>		7							
	staff								
	• 'Shout Out' to Shari, Heather and Adriana for their ongoing assistance, and to Jeannie for her recent								
retirement after dedicating many years to nursing									
	Appreciation extended to the Physicians in regards to Doctor's Day on May 1; cookies were awesome								
Happy Nurse's Week and Happy Mental Health Week May 6-10; appreciation extended to Dr. Ryan for h									
kind words and showing compassion									
• In response to pressures of overflow patients at AMGH, CNE actually covered a shift in MH, to allow									
another nurse to help in the ED									
6.6 <u>COO:</u>									
2024-05-Monthly Report-Operations circulated									
• Year-end audit is now closed; final results are \$734K deficit	, .								
<ul> <li>Less than last year at \$889K; budgeted deficit was \$1.5M, so \$825K better than planned</li> </ul>									
<ul> <li>Margin of 70%</li> </ul>									
• Base funding has been 1 to 2% every year, however, this does not cover increasing inflation and									
	impact of Bill 124; awaiting base funding announcements for this year								
• A number of hospitals are receiving significant last minute one-time funding notices, i.e., AMGH									
received funding for CT (no based funding); unfortunately, one-time funding can't be planned for									
	anticipated, and without these funding pots, AMGH would have been in a year-end deficit position								
• All hospitals are just finalizing their year-ends, so where we stand in comparison is unknown									
• There has been no commitment from the Ministry in regards to how Bill 124 and the arbitration									
reopeners will be funded									
	• SHH & AMGH are in reasonably good cash positions; SHH does have long term investments								
	<ul> <li>SHH &amp; AMGH are in reasonably good cash positions; SHH does have long term investments developed from past surpluses that can be drawn from in the event of a crisis in cash flow</li> </ul>

## Chief of Staff Report, South Huron Hospital – June 2024

Prepared by: Sean Ryan MD CCFP(EM) FCFP

After approval of additional physician funding by the Board, our total number of unfilled ED shifts between now and Labour Day has dropped to 6; unfilled hospitalist days to 3.

We continue to await the Ministry's decision regarding our application for a CT scanner. The Ministry officially opened applications for Integrated Community Health Services Centers (i.e. independent health facilities) last week. In addition to our existing CT application, the hospital will be submitting one of these applications as well.

Dr. Ondrejicka will be our physician representative on the Foundation-led steering committee for a new purpose-built medical center in Exeter. We look forward to making progress on this over the coming months.

Please feel free to contact me at any time with questions or concerns. My email address is ryanse7@gmail.com

## **PRESIDENT & CEO REPORT**

June 2024

## METRICS

Area	AMGH	SHHA	Comment
Health Human			Staffing complement is in a good position. HHS continues
Resources			to recruit and retain staff. Physician recruitment is a
			priority and working with various sources.
Master Plan and			Capital Branch is reviewing the Master Plan proposal.
Functional Plan			Waiting for approval to move forward.
Finance			Funding for the next fiscal remains unknown for now.
			Continue to capture the cost of staying open.
SHH Medical Clinic			Draft plans have been created and meetings with
			respective individuals will take place over the next few
			months.

## TOP OF MIND

## ED Pressures

- Gaps still exist in the ED summer schedule
- Our existing teams are working to fill the gaps
- Full Board support has been shared with all the physicians

## Funding

• Still waiting for funding letters to address structural deficits

## BIG WINS | LEARNING

## **Accreditation**

- Through the exceptional dedication and hard work of all staff, the HP&A OHT of HHS is a member, was awarded with Exemplary Standing from Accreditaiton Canada
- The redevelopment of the Mental Health Unit will begin shortly. This work is made possible through the All in Campaign by the AMGH Foundation and its generous donors
  - The project will consist of a new nursing station, medication room, observation room and patient dining area
  - All work will be issued through an RFP
- Presented to the Rotary Club of Goderich on what is happening at HHS and what the partnership is all about

## PRESIDENT & CEO SUMMARY

Ontario Health has released their operational guidance and the central goal in the coming months is to advance key access and capacity measures and lay important groundwork for the fall/winter respiratory season. This operational direction outlines priority actions and targets to guide hospitals and the health care sector in working toward this goal with the Ontario Health.

Priorities are interdependent and include:

- Ongoing health human resource (HHR) efforts across the system
- Alternate level of care (ALC) reduction
- Primary care expansion and supports
- Access to home and community care services and long-term care in order to improve community access while reducing ALC
- Access to mental health and addictions care
- Improving access and flow in emergency departments
- Optimizing surgical care with a focus on surgical and diagnostic waitlists

For hospitals, Ontario Health has asked that we:

- Continue to implement ALC Leading Practices and reporting
- Focus on collaborative dishcharge planning that follows patient-centre care approaches
- Ramp up surgeries where possible
- Continue to plan ahead to ensure adequate staffing over the summer season, leveraging supports from Ontario Health
- Continue to ensure robust surge plans are in place

One last note, the Alexandra Marine & General Hospital will celebrate a remarkable milestone as our hospital proudly commemorates its 100th anniversary this October! For a century, AMGH has been dedicated to providing exceptional healthcare, and serving our community with compassion and excellence. Our journey from a modest establishment to a leading medical institution is a testament to the unwavering commitment of our healthcare professionals, staff, and supporters. As we reflect on a century of healing and hope, we look forward to continuing our legacy of outstanding patient care.

Here's to the next 100 years of health and wellness!

Respectfully,

Jimmy Trieu President & CEO

**DATE:** May 2024

RE: Patient Experience

## It takes vigilance and action to maintain safety!

One late afternoon this month, a patient with mental health needs was being treated in the emergency department. Since they were hungry a meal was ordered for them from the cafeteria.

When the meal arrived in the department, the registration clerk on duty noticed that there were metal utensils on the tray. She intercepted the meal tray and asked the kitchen for plastic utensils. The dietary staff quickly obliged.

This simple action and willingness to "step up" could have potentially protected the patient, doctors, nurses, herself and other patients.

Our teams are routinely educated and reminded about the importance of Workplace Safety and Violence Prevention. It's through the diligence of our Joint Health and Safety Committees, Code Committee, Emergency Preparedness Committee and workplace drills that we keep safety top of mind for all involved!

# MAC FOR HHS (AMGH AND SHH)

Memo from Dr. Nicola McLean:

Dear Colleagues,

As you are aware, I have been slowly thinning down my practice. Stable patients are being redirected back to primary care and I am no longer accepting referrals that may require long term follow-up. I will be scaling down my practice over the next few months, with the aim of retirement by the end of the year. I am however able to accommodate any urgent referrals until that time. I have made provision for my Type 1 patients on an insulin pump, to be transitioned to Endocrinology either in Stratford (Dr. Lindsey Chow) or in London. Additionally, any difficult management patients requiring on-going care will be referred on as well.

It has been a pleasure to serve the people of Huron County and surrounding area for these many years. I have appreciated your unwavering support and confidence in me as well as your endearing friendship.

SINCERELY,

NICOLA MCLEAN MD ENDOCRINOLOGY AND METABOLISM

RE: Applications for SHH Professional Staff

It is the recommendation of the credentialing process to appoint the following named individuals to the SHH professional staff. Privileges will be extended to June 30, 2025 and then subject to the re-application process, with the exception of HFO-EDLP physicians, which run from Jan-Dec. New LCAP are requested for HFO-EDLP physicians at the beginning of each year.
