This is a controlled document prepared solely for use by the Huron Health System (HHS). HHS accepts no responsibility for use of this material by any person or hospital not associated with HHS. No part of this document may be reproduced in any form for publication without permission of HHS. A printed copy may not reflect the current electronic document and should always be checked against the electronic version prior to use.

Except as expressly stated to the contrary herein, these Terms of Reference apply to both the Alexandra Marine & General Hospital (AMGH) and the South Huron Hospital (SHH). AMGH and SHH are referred to individually and collectively as the Hospital.

Policy / Purpose

- A committee under the authority of the Common Board for the purposes of the *Excellent Care for All Act, 2010* (the “Act”)
- To assist the Common Board in fulfilling its responsibility to ensure the continuing high quality of patient care throughout the hospital(s)
- Ensuring that the Leadership Team establishes an appropriate patient and performance-based quality culture
- Providing support, input and governance as the Leadership Team establishes and monitors performance targets while reducing associated risks

Objectives / Responsibilities

- Provide leadership in promoting and supporting strategic plans designed to make overall improvements to quality of care and services
- Receive and regularly review with Leadership, key reports of specified performance indicators to monitor the quality of care being provided and patient needs and wellness; and identify trends and problem issues for further investigation and monitoring
- Ensure an effective process is established and applied for the communication of quality improvement and risk management initiatives between the Common Board, the hospital and external stakeholders
- Ensure that best practices information supported by available scientific evidence is translated into materials that are distributed to employees, members of the professional staff and persons who provide services within the hospital, and subsequently monitor the use of these materials by such persons
- Oversee the preparation and implementation of Accreditation activities including readiness for accreditation surveys and compliance with all applicable standards
- Encourage a positive image of the Hospital(s) within the communities
- Address any other quality, utilization or communication issues as referred by the Common Board

- Consider and make recommendations to the Common Board regarding quality improvement initiatives and policies
- Review and make recommendations to the Common Board on the Quality Improvement Plans (QIP) as prepared by clinical leadership
- Receives reports from the Medical Advisory Committees identifying and making recommendations regarding systemic or recurring quality of care issues
- Recommends to the Common Board with regard to Executive Compensation based on QIP and other factors related to quality improvement

Critical Incidents and Events

“Critical incident” means any unintended event that occurs when a patient receives treatment in the hospital:

- a. Results in death, or serious disability, injury or harm to the patient; and
- b. Does not result primarily from the patient’s underlying medical condition or known risk inherent in providing treatment

In accordance with Regulation 965 under the *Public Hospitals Act*, this Committee shall receive from the Chief Executive Officer or CNE aggregated critical (level 5 and 6) and near miss incident data at least two times per year and ensure completion and evaluation of all actions. The Committee reports their review and approval/disapproval on the Critical Incidents Report.

This is to monitor the hospital’s system for ensuring that, at an appropriate time following disclosure of a critical incident, there will be disclosure as required by Regulation 965 under the *Public Hospitals Act* of systemic steps, if any, the hospital is taking or has taken to avoid or reduce the risk of further similar critical incidents.
